---

Dear Anne,

Thanks for taking the time to answer my questions.

Best wishes  
Rock

Dear Rock,

We are not planning any community or Technical Advisory/CAG/Stakeholder meetings prior to issuance of the ROD for the site. We may put out periodic fact sheet updates about any ongoing activities at the site – for instance, I believe there was a fact sheet about two months ago.

Thanks, Anne

Dear Anne,

Please advise does EPA plans to have Community Meetings to report on conditions at the site or progress on the ROD between now and the Issuance of the ROD?

Also, does EPA plan to continue the Technical Advisory/ CAG/ Stakeholder meetings like the ones that were help at Harris County Pollution Control periodically between now and the issuance of the ROD? If so would you please advise as to when these will occur.

Regards,
